No. 167-H.—His Excellency the Viceroy has been pleased to award the Indian Police Medal to the following officers:—

BENGAL.

Name of officer and rank.—Paul Barnes, I.P., Deputy Commissioner of Police, Calcutta.—*Statement of services for which decoration has been awarded.*—On the 22nd November Mr. Barnes went with a police party to the Kalighat Fire Station which was being attacked by a mob, with only a small police guard to protect it. To get there he had to go along Russa Road which was then occupied by a large and dangerous mob. The road was barricaded at several places and at each barricade Mr. Barnes had to dismount his party, disperse the crowd, and remove the barricade. Each operation was conducted under a hail of brickbats which caused injuries to several members of his party. Had Mr. Barnes displayed less courage and determination he would have been unable to reach the Fire Station which he found on his arrival to be nearly overwhelmed by the mob. On the 23rd November there was serious rioting at the junction of Russa Road and Hazra Road where about twelve military vehicles were either burnt or burning. The mob was forced back from this crossing, but for about an hour the situation was fluid, the police by determined rushes were able to push back the crowd, but had to withdraw later under a hail of bricks. The position became grave and the police were in danger of being overwhelmed. The Deputy Commissioner, Headquarters, who was in charge, ordered two rounds to be fired and one of the ringleaders was hit in the leg and hobbled down a narrow side lane. Mr. Barnes asked permission to give chase. The houses on both sides of the lane were infested with rioters and his retreat might well have been cut off. His pursuit, which culminated in the

On their way, he and his men were heavily attacked in their police lorry by large mobs. Mr. Barnes, being anxious to avoid firing, seized a musket from a sepoy, sprang off the lorry, and made a rush at the advancing crowd. In spite of being injured by brickbats he continued his rush with such determination that the crowd broke and the police party was able to proceed. Mr. Barnes displayed marked courage and promptitude on this occasion. On the evening of the same day Mr. Barnes was sent with a police party to investigate reports that shops in the neighbourhood of Chowringhee were being looted. At the junction of Ripon Street and Lower Circular Road he came across a large mob setting fire to some rickshaws and erecting a barricade of tar drums. While he was dispersing this crowd cries for help were heard from a building which had been set on fire. In spite of very heavy brick-batting Mr. Barnes led his party in a determined rush and was able to extricate the occupants of the burning house. His action involved very considerable danger as it was carried out after nightfall.

Name of Officer and rank.—Arthur Frank Kinchin, Inspector (officiating), Calcutta Police. —*Statement of services for which the decoration has been awarded.*—On the evening of the 22nd November 1945 Inspector Kinchin with a small police party was on his way from Police Headquarters to the Medical College Hospital *via* Chittaranjan Avenue. At Colootolla Street the Inspector saw two military vehicles on fire; he could not see whether the drivers were with them or not. On the arrival of the Police party a large crowd began heavy stoning. The Inspector tried to disperse the mob by a lathi charge in order to save any possible occupants of the lorries; this was ineffective and the stoning became heavier, for the mob had increased in number when it saw how small the police party was. After due warning the Inspector fired two shots from his revolver, but the crowd on his other flank then advanced on the party with the intention of overwhelming it. The Inspector then ordered three of his Sergeants to fire and immediately made a further lathi charge. This had the effect of dispersing the crowd and allowing the Inspector to investigate the burning lorries in which he found no occupants. On the 13th February 1946 in the evening, Inspector Kinchin was sent with a police party to Dhurrumtolla Street, where rioting had been reported. On reaching the Methodist Church in Dhurrumtolla Street the Inspector found a crowd of over 1,000 gathered round a fire on which they were piling furniture from the church; the crowd had also set the church on fire. On the Inspector's arrival this crowd immediately proceeded to stone the police party. The Inspector made a lathi charge which was ineffective and stones began to be thrown from side lanes. The Inspector fired four rounds from a musket which caused the crowd to withdraw a short distance. The Inspector held his position until police reinforcements and the Fire Brigade arrived. In both these incidents Inspector Kinchin showed great resolution and courage.

Name of officer and rank.—Frederick John Juden, Sergeant, Calcutta Police.—*Statement of services for which the decoration has been awarded.* —On the 23rd November 1945 this Sergeant was sent with a work party and a breakdown lorry to clear the Bhowanipore area of all roadblocks. At first he was unable to get near the road obstructions owing to stoning. On the arrival of reinforcements he succeeded that day in clearing the whole area as far as Tollygunge Bridge and Lansdowne Road. At intervals throughout the day the police party engaged on this work was subjected to stoning. This did not deter Sergeant party was completely unarmed. On the 11th February 1946, at night, this Sergeant was detailed to take a Police "wrecker" to Central Avenue to clear away burning vehicles; from 8-30 to 11-30 the Sergeant and his working party were stoned continually. Now and again the Sergeant himself, although unarmed, had to drive his "wrecker" towards oncoming mobs in order to give his supporting party some relief. In these operations the windscreen of the "wrecker", which was entirely unprotected, was smashed and Sergeant Juden who was driving was hit. He continued this work until 3 a.m. Sergeant Juden was engaged the whole of the following day (February 12th) in clearing the road blocks in Central Avenue from Bowbazar Street to Shambazar, and he continued this important work in spite of being constantly attacked by the mob. On February 13th 1946 Sergeant Juden successfully cleared the road blocks in Ashutosh Mukherjee Road, in spite of mob attacks on him and his party. Sergeant Juden showed great courage and resolution in carrying through his job undeterred by attacks.

Name of officer and rank.—Azizur Rahaman Khan, Sub-Inspector, Calcutta Police. —*Statement of services for which the decoration has been awarded.*—During the November disturbances, Sub-Inspector Azizur Rahaman Khan was in charge of the Watgunge police-station. This area, which adjoins the Port, was the scene of considerable rioting; on a number of occasions this officer, without waiting for armed assistance from Headquarters, took out a party of unarmed constables and dealt effectively with the situation. On one particular occasion, seeing a mob threatening to burn a Police lorry, he dispersed it and effected the arrest of the man actually setting fire to the lorry. During the February disturbances he again displayed initiative and courage. On one occasion his prompt intervention saved the Manasatola Post Office from being burnt, and on another he charged a crowd which was attacking military lorries and effected the arrest of four persons who were subsequently convicted. His determination in taking prompt action on his own initiative without waiting for armed assistance was most praiseworthy, and his courage on many occasions throughout was an example to all.

Name of officer and rank.—Harkang Limbu, Havildar No. 18756, (officiating), Calcutta Armed Police.—*Statement of services for which the decoration has been awarded.*—On the 13th February 1946, Havildar Harkang Limbu was in charge of an Armed picket in Ashutosh Mukherjee Road near Jagu Babu's Bazar, an area noted for the violence and persistence of the mobs which infested it. In the middle of the afternoon a large mob seeing that the Havildar's party had been left on its own by the withdrawal of another party attacked it, as a result some sepoys were injured with stones. Havildar Harkang Limbu with great patience in very trying and dangerous circumstances repeatedly warned the mob. He stood his ground, and in the end was obliged to open fire. He himself directed the firing of two rounds and by his coolness and resolution in the face of great danger he not only saved the lives of his police party but also avoided unnecessary injury to the crowd. Havildar Harkang Limbu showed great courage and determination while in charge of the party.

These awards are made for gallantry under regulation (d)(i) of the Regulations governing the grant of the Indian Police Medal and in the case of officers of and below the rank of Inspector of Police, carry the special allowance admissible to them.

30. (*1*) If it appears to the Court to which an application is made under section 29 that the applicant is entitled under that section to deposit the rent, it shall receive the rent and give a receipt for it under the seal of the Court.

(*2*) A receipt given under this section shall operate as an acquittance for the amount of the rent payable by the non-agricultural tenant and deposited as aforesaid in the same manner and to the same extent as if that amount of rent had been received

in the cases referred to in clauses (*a*) and (*b*) of sub-section (*1*) of section 29 by the person specified in the application as the person to whose credit the deposit was to be entered ;

in the case referred to in clause (*c*) of that sub-section, by the co-sharers to whom the rent is due ; and

31. The Court receiving a deposit—

(*i*) in the case referred to in clause (*a*) or in clause (*b*) of sub-section (*1*) of section 29 shall forthwith forward the same by postal money-order to the address of the landlord, or of the common agent, if any, of the landlord empowered to receive rent ; and

(*ii*) in the case referred to in clause (*c*) or in clause (*d*) of that sub-section shall forthwith cause to be affixed in a conspicuous place at the Court-house a notification of the receipt thereof containing a statement of all material particulars, and, if the amount of the deposit is not paid away under section 32 within the period of fifteen days next following the date on which the notification is so affixed, the Court shall forthwith in the case referred to in clause (*c*) of that sub-section cause a notice of the receipt of the deposit to be posted free of charge at the landlord's local office, if any, and in some conspicuous place in the village or town in which the tenancy or any portion thereof is situated, and in the case referred to in clause (*d*) of that sub-section cause a like notice to be served free of charge on every person who it has reason to believe claims, or is entitled to, the deposit.

If a landlord or his agent refuses without reasonable cause to receive payment of rent remitted by postal money-order or deposited in Court, the landlord shall be precluded from recovering by suit interest, costs or damages in respect of the same, and the Court may in addition award to the non-agricultural tenant damages not exceeding twenty-five *per centum* on the whole amount claimed by the plaintiff.

The plea of the existence of any dispute as to the amount of rent or area of land of the tenancy shall not be deemed to be a reasonable cause under this section :

Provided that, when a landlord accepts rent, which has been deposited, or remitted by postal money-order, the fact of his acceptance shall not be used in any way as evidence that he has admitted as correct any of the particulars set forth in the application for permission to deposit or in the postal money-order form.

Arrears of rent.

Liability to sale for arrears in case of tenancies specified in sections 5, 6, 7, 9, 10, 11 and 13.

(*2*) In a suit for ejectment for an arrear of rent a decree passed in favour of the plaintiff shall specify the amount of the arrear and of the interest (if any) due thereon, and the decree shall not be executed if that amount and the costs of the suit are paid into Court within thirty days from the date of the decree, or when the Court is closed on the thirtieth day on the day upon which the Court re-opens.

(*3*) The Court may for special reasons extend the period of thirty days mentioned in this section.

Interest on arrears.

36. An arrear of rent shall bear simple interest at the rate of six and a quarter *per centum per annum* from the expiration of that quarter of the year of the tenancy in which the instalment falls due to the date of payment or of the institution of the suit, whichever date is earlier.

Power to award damages on rent withheld without reasonable cause, or to defendant improperly sued for rent.

37. (*1*) If, in any suit brought for the recovery of arrears of rent, it appears to the Court that the defendant has, without reasonable or probable cause, neglected or refused to pay the amount of rent due by him, the Court may award to the plaintiff, in addition to the amount decreed for rent and costs, such damages, not exceeding twelve and a half *per centum* on the amount of rent decreed, as it thinks fit :

Provided that interest shall not be decreed when damages are awarded under this section :

Provided also that where damages are awarded—

(*i*) the amount of such damages shall not be less than the interest accruing up to the date of the institution of the suit, and

(*ii*) interest on the arrear may be awarded from the date of the institution of the suit up to the date of payment at such rate as the Court directs.

Liability for rent on change of landlord or after transfer of tenancy.

Non-agricultural tenant not liable to transferee of landlord's interest for rent paid to former landlord without notice of the transfer.

38. (*1*) A non-agricultural tenant shall not, when his landlord's interest is transferred, be liable to the transferee for rent which became due after the transfer and was paid to the landlord whose interest was so transferred, unless the transferee has before the payment given notice of the transfer to the non-agricultural tenant.

(*2*) Where there is more than one non-agricultural tenant paying rent to the landlord whose interest is transferred, a general notice from the transferee to the non-agricultural tenants published in the prescribed manner shall be a sufficient notice for the purposes of this section.

Liability for rent before transfer of tenancies.

39. When a non-agricultural tenant holding a tenancy specified in any of the sections, 5, 6, 7, 9, 10 and 11 transfers his tenancy in whole or in part, the transferor and transferee shall be jointly and severally liable to the landlord for arrears of rent due before the transfer :

Provided that the transferor shall not be liable to the landlord for such arrears of rent if the transferee has agreed to pay such arrears to the landlord and the fact has been mentioned in the instrument of transfer.

Illegal impositions.

Abwab, etc., illegal.

40. (*1*) All impositions upon non-agricultural tenants under the denomination of *abwab*, *mathat* or other like appellations, in addition to the actual rent, shall be illegal, and all stipulations and reservations for the payment of such shall be void.

(*2*) Nothing in this section shall be deemed to affect the terms of a permanent *mukarrari* lease granted in respect of any tenancy by the landlord thereof and registered before the commencement of this Act.

Fine for realisation of *abwab*, etc.

41. (*1*) If a landlord or his agent realises from a non-agricultural tenant any imposition declared under sub-section (*1*) of section 40 to be illegal, such landlord or agent, as the case may be, shall be liable to the same fine, to be imposed in the same manner, as in sub-section (*3*) of section 26, and the provisions of sub-sections (*4*), (*7*) and (*8*) of the said section relating to inquiry, fine and procedure shall, *mutatis mutandis* and so far as may be, apply to proceedings under this section.

(*2*) An appeal shall lie to the District Judge against an order imposing a fine under this section, and the order passed by the District Judge on such appeal shall be final.

(*3*) The imposition of a fine on a landlord or landlord's agent under this section shall not operate as a bar to the institution of a suit under section 42.

Penalty for exaction by landlord from non-agricultural tenant of sum in excess of the rent payable.

42. Every non-agricultural tenant from whom, except under any special enactment for the time being in force, any sum of money is exacted by his landlord in excess of the rent or interest lawfully payable, may, within six months from the date of the exaction, institute a suit to recover from the landlord, in addition to the amount so exacted, such sum by way of penalty as the Court thinks fit, not exceeding two hundred rupees ; or, when double the amount so exacted exceeds two hundred rupees, not exceeding double that amount.

Enhancement of rent.

Enhancement of rent of permanent tenancies.

43. (*1*) Subject to any contract between the parties the rent payable by a non-agricultural tenant holding a tenancy specified in any of the sections 5 to 12 shall be liable to enhancement up to the limit of the customary rate payable by persons holding similar tenancies in the vicinity.

The Bengal Non-agricultural Tenancy Bill, 1946.

(*Chapter V—Provisions as to rent of non-agricultural tenancies—Clauses 44—47.*)

(*2*) Where such a customary rate does not exist or cannot be ascertained, the rent may, subject as aforesaid be enhanced up to such limit as the Court thinks fair and equitable in the circumstances of the case.

(*3*) In determining a fair and equitable rent under sub-section (*2*) the Court shall, subject to such further provisions as may be prescribed in this behalf, take into consideration—

(*a*) the existing rent and the period during which it has remained without enhancement ;

(*b*) as far as can expediently be ascertained the rent paid to other landlords for non-agricultural lands in the vicinity with similar advantages or of a similar description ;

(*c*) the market value of the land comprised in the tenancy and the rent which would be payable if the rate were fixed at not more than four *per centum* of such market value ;

(*d*) the special conditions and incidents, if any, of the tenancy ; and

(*e*) any cost incurred in making any improvement to or on the land comprised in the tenancy or in converting such land for the purposes for which it is being used according to the conditions of the tenancy.

Provisions as to enhancement on ground of landlord's improvement.

44. (*1*) When an enhancement is claimed on the ground of a landlord's improvement,—

(*a*) the Court shall not grant an enhancement unless the improvement has been registered in accordance with this Act ; and

(*b*) in determining the amount of enhancement the Court shall have regard to, —

(*i*) the increase in the value of the tenancy caused or likely to be caused by the improvement,

(*ii*) the cost of the improvement,

(*iii*) the expenditure (if any) required for utilising the improvement, and

(*iv*) the existing rent of the tenancy and the ability of the land comprised in the tenancy to bear a higher rent.

(*2*) A decree under this section shall, on the application of the non-agricultural tenant or his successor in interest, be subject to reconsideration in the event of the improvement not producing or ceasing to produce the estimated effect.

Power to order progressive enhancement.

45. If it thinks that an immediate increase of rent will cause hardships, the Court may direct that the enhancement shall take effect gradually at such intervals and by such increments extending over a period not exceeding five years as the Court may fix in this behalf.

Limitation of right to enhancement.

46. When the rent of a tenancy specified in any of the sections 5, 6, 9 and 10 has been enhanced by the Court or in pursuance of the conditions of a contract, it shall not be further enhanced by the Court during the fifteen years next following the date on which it has been last so enhanced and for the purposes of this section if an order of gradual enhancement of such rent has been made by a Court in accordance with the provisions of section 45, the full rent fixed by such order shall be deemed to have come into effect from the date of such order :

Provided that the landlord of a tenancy may institute a suit for the enhancement of the rent of such tenancy during the said period of fifteen years on the ground of any improvement effected to the land comprised in such tenancy by, or wholly or partly at the expense of, such landlord during such period.

Reduction of rent.

Reduction of rents.

47. The rent of a non-agricultural tenant holding a tenancy specified in any of the sections 5 to 12 may be reduced by the Court if the Court considers that the rate of rent payable by the tenant is unfair and inequitable, and in determining what rent is fair and equitable under this section the Court shall have regard to the provisions of sub-section (*3*)

The Bengal Non-agricultural Tenancy Bill, 1946.

(Chapter VI—Improvements—Clauses 48—52.)

CHAPTER VI.

IMPROVEMENTS.

Definition of "improvement."

48. For the purposes of this Act the term "improvement" used with reference to a tenancy shall mean any work which adds to the value of the tenancy, which is suitable to the tenancy and consistent with the purpose for which it was let, and which, if not executed on the tenancy, is either executed directly for its benefit, or is, after execution, made directly beneficial to it, and subject to the foregoing provisions, shall include the following, namely :—

but shall not include any work executed by a non-agricultural tenant if it substantially diminishes the value of his landlord's property.

Rights to make improvements.

49. (*1*) Subject to the provisions of sub-section (*2*), neither the non-agricultural tenant nor his landlord shall, as such, be entitled to prevent the other from making an improvement in respect of the tenancy.

(*2*) If both the non-agricultural tenant and his landlord wish to make the same improvement the non-agricultural tenant shall have the prior right to make it, unless it affects another tenancy or other tenancies under the same landlord.

(*3*) Any fee realised from a non-agricultural tenant for permission to make any improvement in respect of his tenancy shall be deemed to be an *abwab* and the provisions of sub-section (*1*) of section 40 shall apply thereto.

50. If a question arises between the non-agricultural tenant and his landlord—

(*a*) as to the right to make an improvement, or

(*b*) as to whether a particular work is an improvement,

the Collector may, on the application of either party, decide the question, and his decision shall be final.

Registration of landlord's improvements.

51. (*1*) A landlord may, by application to such Revenue-officer as the Provincial Government may appoint in this behalf, register any improvement which he has lawfully made or which has been lawfully made wholly or partly at his expense or which he has assisted a non-agricultural tenant in making.

(*2*) Every such application shall be in the prescribed form and shall contain such particulars and shall be verified in such manner, by local enquiry or otherwise, as may be prescribed.

(*3*) The Revenue officer receiving the application may reject it if it has not been made within twelve months,—

(*a*) in the case of improvements made before the commencement of this Act, from the commencement of this Act ; and

(*b*) in the case of improvements made after the commencement of this Act, from the date of the completion of the work.

Application to record evidence as to improvement.

52. (*1*) If any landlord or non-agricultural tenant of any tenancy desires that evidence relating to any improvement made in respect thereof be recorded, he may apply to the Revenue-officer to whom an application for the registration of such improvement may be made under sub-section (*1*) of section 51 and such Revenue-officer shall thereupon, at a time and place of which notice shall be given to the parties, record the evidence :

Provided that such Revenue-officer shall not so record the evidence if he considers that there were no reasonable grounds for the making of the application, or if it appears to him that the subject-matter thereof is under inquiry in a Civil Court.

Acquisition of land for industrial purposes.

55. A Civil Court may, on the application of the landlord of a tenancy, and on being satisfied that he is desirous of acquiring the tenancy or part thereof for the *bona fide* industrial purposes for which the lands comprised within the tenancy were originally acquired by the landlord of such tenancy, although such lands have for the time being been let out for other purposes, and on being satisfied on the certificate of the Collector that the said purpose is *bona fide*, authorise the acquisition of the lands comprised in the tenancy by the landlord upon such conditions as the Court may think fit, and require the non-agricultural tenant to sell his interest in the whole or such part of the tenancy to the landlord upon such terms as may be approved by the Court, including full compensation to such tenant:

Provided that nothing in this section shall apply to a tenancy in which a non-agricultural tenant has acquired a permanent right under a lease in writing or otherwise prior to the commencement of this Act.

Eviction of tenants holding tenancies conditional upon employment in industrial concerns.

56. Where a tenancy is held by a non-agricultural tenant subject to the condition of employment in any industrial concern, such tenant shall, notwithstanding anything elsewhere contained in this Act, be liable to be ejected from the land comprised in such tenancy on the termination of such employment.

No ejectment except in execution of decree.

57. No non-agricultural tenant shall be ejected from the tenancy or from any non-agricultural land which he holds except in execution of a decree of a competent Civil Court.

Application of the Transfer of Property Act, 1882, or other law.

58. The provisions of the Transfer of Property Act, 1882, and of any other law for the time being in force, in so far as they may be applicable and in so far as they are not inconsistent with the provisions of this Act shall continue to apply to all tenancies to which the provisions of this Act apply. CHAPTER VIII.

Conversion of agricultural lands into non-agricultural tenancies in certain cases.

59. Act XV of 1932.

Provided that no such order shall be passed without notice, the prescribed process fee for which shall accompany the application,—

(*i*) in the case where such application is made by a tenant, to the landlord or the entire body of landlords or their common agent and to the co-sharer tenants, if any, and

(*4*) An appeal shall lie to the Commissioner of the Division from any order of the Collector under this section if it is presented within thirty days from the date of such order and is accompanied by the prescribed fee and the decision of the Commissioner on such appeal shall be final.

(*5*) Notwithstanding anything contained in any law for the time being in force or in any contract, where any agricultural land is converted into a non-agricultural tenancy by an order under this section such land shall with effect from the date on which such conversion takes effect cease to be an agricultural land, but the tenant of such land shall for the purposes of this Act be deemed to have held it as a non-agricultural tenancy with effect from the date on which such tenant or his predecessor in interest was first inducted into the land.

Bar of suits for ejectment from agricultural lands in municipal areas for the use of such lands for non-agricultural purposes.

63. Notwithstanding anything contained in section 155 of the Bengal Tenancy Act, 1885, no suit for the ejectment of a tenant holding any agricultural land within any area constituted a municipality under the provisions of the Bengal Municipal Act, 1932, shall lie on the ground that he has used such land in a manner which renders it unfit for the purposes of the tenancy merely because such tenant has used such land for any purpose not connected with agriculture. (Chapter IX—Miscellaneous—Clause 65.)

Rules.

65. (*1*) The Provincial Government may, subject to the condition of previous publication, make rules for carrying out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

(*a*) the manner in which the landlord or the tenant may apply to the Court under sub-section (*2*) of section 7 ;

(*b*) the forms of the notices referred to in sections 14 and 15, the manner of service of such notices and the amount of the process fees referred to in the said sections ;

(*c*) the manner in which the landlord's fees referred to in section 15 shall be transmitted to the landlord, the cost of transmission of such fees and the manner of payment of the landlord's fees and cost of transmission under sub-section (*12*) of that section ;

(*d*) the manner of payment or tender of rent by postal money-order under section 22 ;

(*e*) the forms to be used generally or for any particular local area or class of cases for the receipt and counterfoil referred to in section 24 and for the statement of account referred to in sub-section (*2*) of section 25 and the particulars to be specified in such receipt, counterfoil and statement ;

(*f*) the cost of transmission of the money deposited in the cases referred to in clauses (*a*) and (*b*) of sub-section (*1*) of section 29 and the amount of the fee referred to in clause (*d*) of sub-section (*2*) of that section ;

(*g*) the manner of publication of the general notice referred to in sub-section (*2*) of section 38 ;

(*h*) the determination of a fair and equitable rent referred to in sub-section (*3*) of section 43 ;

(*i*) the form of, the particulars to be contained in and the manner of verification of applications referred to in sub-section (*2*) of section 51 ; and

(*j*) the amount of process fee referred to in the proviso to sub-section (*1*) of section 59, the procedure to be followed by the Collector under sub-section (*2*) of that section in fixing the *salami* referred to in sub-section (*1*) of that section, and the amount of fee referred to in sub-section (*4*) of that section.

STATEMENT OF OBJECTS AND REASONS.

Government have considered the Report of the Non-agricultural Land Enquiry Committee and are of the opinion that notwithstanding the provisions of the Transfer of Property Act, 1882, the non-agricultural tenants who hold lands under a lease for residential, business, manufacturing or other purposes are in need of better security. It is obvious, however, that the degree of protection cannot be the same for all classes of tenants and it has been considered necessary to make a distinction between tenancies which are—

(*1*) of unknown origin or which originated from before the Transfer of Property Act, 1882 ;

(*2*) held under a written lease for a specified period of not less than twelve years ;

(*3*) held under a written lease but without specification of any period or without a written lease but originating from after the Transfer of Property Act, 1882, in either case the period of possession not being less than twelve years ;

(*4*) held under a written lease or otherwise for a period of more than one year but less than twelve years.

It is proposed to confer permanent, heritable and transferable rights on all tenants coming under (*1*). Lessees under (*2*) should have a right of renewal on fair and equitable terms, but in case the lessor has allowed a *pucca* structure to be constructed on the land, the tenant should have the status of a permanent lessee irrespective of the period of occupation. Lessees under (*3*) should have a permanent heritable right. All holdings coming under (*2*) and (*3*) should be transferable on payment of a landlord's transfer fee. A perversion of user or a breach of a condition of the contract should be the only grounds on which a tenant under (*1*), (*2*) or (*3*) can be evicted. In case of tenants under (*4*) provision has been made for payment of compensation under certain circumstances in case of eviction. It is also proposed to provide for conversion of agricultural holdings within municipal areas into non-agricultural holdings.

The Bill has been drafted to provide for these protective rights and also to confer other incidental but necessary rights on the non-agricultural tenants of the different classes.

Addl. Director of Agriculture,

Calcutta, the 9th July 1946.

Resolution on the reports of the Chief Engineer, Directorate of Public Health Engineering and of the Sanitary Board, Bengal, for the year 1944.

GOVERNMENT OF BENGAL.

Department of Health and Local Self-Government.

Public Health.

RESOLUTION—No. P.H. 1R-41/46.

Calcutta, the 27th June 1946.

Read the reports of the Chief Engineer, Directorate of Public Health Engineering and of the Sanitary Board, Bengal, for the year 1944.

Though war conditions greatly impeded the normal activities of the Directorate and scarcity of essential building materials and machineries hampered the execution of the sanitary projects of the local bodies, the Directorate had to work under heavy pressure due to new responsibilities arising from the war. Despite difficulties, the year under review was one of steady progress.

Besides the permanent executive staff of 1 Chief Engineer, 3 Executive Engineers, 5 Assistant Engineers, 13 Officers in the Subordinate Engineering Service and 1 Superintendent of Waterworks, the Directorate also maintained several temporary hands both in the Provincial and Subordinate Engineering Services, viz., 1 Executive Engineer in charge of A. R. P. Division, 7 Assistant Engineers, 9 Supervisors and 5 Overseers to cope with the work during the year.

2. The total capital expenditure on municipal waterworks and sewerage works in the province during the year under review amounted to Rs. 57,362 and Rs. 33,934 respectively against Rs. 2,02,338 and Rs. 29,913 in the previous year.

The total estimated cost of the schemes prepared by the Directorate during the year was Rs. 56,74,588 as detailed below compared to Rs. 14,33,203 during the previous year:—

		Rs.
1.	Sketch projects—	
	(*a*) Water-supply	42,24,200
	(*b*) Drainage and Sewerage	31,720
2.	Detailed projects—	
	(*a*) Water-supply	4,70,350
	(*b*) Drainage and Sewerage	2,42,518
3.	Miscellaneous	7,05,800
	Total ...	56,

Besides execution of nine different works of Sanitary Engineering under supervision and control, the Directorate carried out certain other miscellaneous works at an expenditure of Rs. 7,05,800. The department also

maintained the Kalimpong waterworks, the water-supply arrangements of the Barisal Police lines and the Maijdi water and sewerage works, and also supplied drinking water to the military camps at Maijdi.

The receipts of the department during the year amounted to Rs. 10,864 as against Rs. 23,509 during the previous year.

3. There were 53 waterworks in operation during the year under report which supplied 19,272,295 gallons of filtered water to a population of 2,046,833. The quality of drinking water supplied from various waterworks was generally satisfactory.

4. Besides the necessary routine duties which were to be carried out by the Directorate under the rules regulating the management of sewerage and waterworks by local bodies, the Executive Engineers carried out the annual inspection of the various municipal waterworks and the reports containing the recommendations and remarks of the inspecting officers were forwarded to the authorities concerned for their guidance.

5. The A. R. P. Division of the Directorate which was created in 1941 to give expert advice to the municipalities in the vulnerable areas of the province with regard to emergency repairs to sewers, watermains, roads, conservancy, etc., was fully engaged during the year in preparing and executing the Civil Defence schemes of the various municipalities of the province. The Division was also entrusted with the duties of executing the works of water-supply arrangements in the various A. R. P. centres and fire stations.

The Directorate also maintained 2,705 tube-wells in Calcutta. This work was, however, rendered difficult by the constant damage to which these tube-wells were subject from careless driving of motor vehicles and also by the frequent loss by theft of some of the essential parts.

6. The staff of the Rural Water-supply subdivision which consisted of an Assistant Engineer and 3 Subordinates were fully engaged during the year. Repairs and resinking of derelict tube-wells in the rural areas as an anti-epidemic measure were undertaken throughout the year. Materials worth Rs. 6,31,040 were supplied to the different districts and a sum of Rs. 7,26,750 was distributed to the District Officers to meet labour and other incidental charges for the purpose. Due to a disastrous flood all sources of drinking water in a considerable area of the Sadar and Basirhat subdivisions of the 24-Parganas district were contaminated by saline water and so as a measure of relief, 34 tube-wells were sunk in the area and materials for 15 additional tube-wells in the area were procured and despatched to respective tube-well sites.

7. The Sanitary Board held three meetings during the year under review and examined three projects of Sanitary Engineering before they were submitted to Government for sanction. The Board also considered the inspection reports on the municipal waterworks at South Chandpur, Mymensingh, Chittagong, Jalpaiguri, Burdwan, Raniganj, Comilla, Berhampore, Suri, Kurseong, Bagerhat, Jessore and Barisal.

8. The Board considered the summarised statements of water analysis reports for the period from October 1943 to May 1944 and formed a Committee to examine and report on the procedure for collection and examination of water samples. The Board also considered the inspection reports of the Assistant Director of Public Health on certain municipalities.

The Board asked the Nutrition Sub-Committee to prescribe standard for wholesomeness of rice.

9. The Board appointed a Sub-Committee on School Health and certain recommendations of this Sub-Committee were accepted by the Board. The Board considered a report prepared by the Malaria Engineer on the subject of embankments, borrowpits and the improvement of bils but postponed its decision pending discussion with Chief Engineer, Irrigation and Railway Engineers. The Flood Flush Drainage Scheme for the area adjoining Faridpur Railway station which was approved by the Drainage Sub-Committee was accepted by the Board. A scheme for reclamation of Salt Lakes submitted by the Health Officer, Calcutta Corporation, was considered by the Board and the proposal was referred to the Salt Lake Reclamation Committee for scrutiny. A Sub-Committee on Housing standard was also appointed by the Board for laying down minimum requirements of sanitary housing in rural and urban areas of Bengal. The Board appointed another Sub-Committee to report on easy practicable and sanitary

(2) The President and Vice-President of the Council shall be members *ex-officio* of the Executive Committee, and shall be President and Vice-President, respectively, of that Committee.

(3) In addition to the powers and duties conferred and imposed upon it by this Act, the Executive Committee shall exercise and discharge such powers and duties as the Council may confer or impose upon it by any regulations which may be made in this behalf.

10. Recognition of qualifications.—(1) For the purposes of this Act, the qualifications included in the Schedule shall be recognised qualifications, and the qualifications included in Part II of the Schedule shall be recognised higher qualifications.

(2) Any authority in British India which grants a qualification in general nursing, midwifery, health visiting, or public health nursing not included in the Schedule may apply to the Council to have such qualification recognised, and the Council may declare that such qualification, or such qualification only when granted after a specified date, shall be a recognised qualification for the purposes of this Act.

(3) The Council may enter into negotiations with any authority in any State or country outside British India which by the law of such State or country is entrusted with the maintenance of a register of nurses, midwives or health visitors, for the settling of a scheme of reciprocity for the recognition of qualifications, and in pursuance of any such scheme the Council may declare that a qualification granted by any authority in any State or country outside British India, or such qualification only when granted after a specified date, shall be a recognised qualification for the purposes of this Act:

Provided that no declaration shall be made under this sub-section in respect of any qualification unless by the law and practice of the State or country in which the qualification is granted persons of British Indian origin holding qualifications recognised under this Act are permitted to enter and practise the nursing profession in that State or country:

Provided further that—

(i) any reciprocal arrangements subsisting at the date of the commencement of this Act between a Provincial Council and any authority outside India for the recognition of qualifications shall, subject to any earlier termination of the arrangements in accordance with the terms thereof, continue in force; and

(ii) any qualification granted by an authority in any Indian State and recognised on the said date by a Provincial Council shall continue to be a recognised qualification for the purpose of registration in the Province,—

until the expiry of three years from the said date, or until a scheme of reciprocity is concluded by the Council under this sub-section with the authority concerned, whichever is earlier.

(4) The provisions of sub-sections (2) and (3) and of sections 14 and 15 shall apply *mutatis mutandis* to the declaration by the Council of a qualification granted in respect of post-certificate nursing training as a recognised higher qualification.

11. Effect of recognition.—Notwithstanding anything contained in any other law,—

(a) any recognised qualification shall be a sufficient qualification for enrolment in any Provincial register;

(b) no person shall, after the commencement of this Act, be entitled to be enrolled in any Provincial register as a nurse, midwife, health visitor, or public health nurse or as an assistant nurse or assistant midwife, unless he or she holds a recognised qualification:

Provided that any person already enrolled in any Provincial register before the date of the commencement of this Act may continue to be so enrolled notwithstanding that he or she may not hold a recognised qualification;

(c) any person holding a recognised higher qualification shall be entitled to have the qualification entered as a supplementary qualification in any Provincial register in which he or she is enrolled, and after the commencement of this Act no person shall be entitled to have entered as a supplementary qualification in any Provincial register any qualification which is not a recognised higher qualification.

12. Power to require information as to courses of study and training and examinations.—Every authority in British India which grants a recognised qualification or a recognised higher qualification shall furnish such information as the Council may, from time to time, require as to the courses of study and training and examinations to be undergone in order to obtain such qualification, as to the ages at which such courses of study and examinations are required to be undergone and such qualifications conferred, and generally as to the requisites for obtaining such qualification.

13. Inspections.—(1) The Executive Committee may appoint such number of inspectors as it deems necessary to attend at any or all examinations held by authorities in British India which grant recognised qualifications or recognised higher qualifications and to inspect any institution recognised as a training institution by a Provincial Council.

(2) Inspectors appointed under this section shall not interfere with the course of any examination, but they shall report to the Executive Committee on the sufficiency of every examination which they attend and of the courses of study and training at every institution they inspect and on any other matters in regard to which the Executive Committee may require them to report.

(3) The Executive Committee shall forward a copy of such report to the authority or institution concerned, and shall also forward copies, with the remarks, if any, of the authority or institution concerned thereon, to the Central Government and to the Provincial Government and Provincial Council of the Province in which the authority or institution is situated.

14. Withdrawal of recognition.—(1) When, upon report by the Executive Committee, it appears to the Council—

(a) that the courses of study and training and the examinations to be gone through in order to obtain a recognised qualification from any authority in British India, or the conditions for admission to such courses or the standards of proficiency required from the candidates at such examinations are not in conformity with the regulations made under this Act or fall short of the standards required thereby, or

(b) that an institution recognised by a Provincial Council for the training of nurses, midwives or health visitors does not satisfy the requirements of the Council,—

the Council may send to the Government of the Province in which the authority or institution, as the case may be, is situated a statement to such effect, and the Provincial Government shall forward it, along with such remarks as it may think fit to the authority or institution concerned and, in a case referred to in clause (b) to the Provincial Council also, with an intimation of the period within which the authority or institution may submit its explanation to the Provincial Government.

(2) On the receipt of the explanation or, where no explanation is submitted within the period fixed, then on the expiry of the period, the Provincial Government shall make its recommendations to the Council.

(3) The Council, after such further inquiry, if any, as it may think fit to make, and in a case referred to in clause (b) of sub-section (1), after considering any remarks which the Provincial Council may have addressed to it, may declare,—

(a) in a case referred to in clause (a) of that sub-section, that the qualifications granted by the authority concerned shall be recognised qualifications only when granted before a specified date, or

(b) in a case referred to in the said clause (b), that with effect from a date specified in the declaration any person holding a recognised qualification whose period of training and study preparatory to the grant to him of the qualification was passed at the institution concerned shall be entitled to be registered only in the Province in which the institution is situated.

(4) The Council may declare that any recognised qualification granted outside British India shall be a recognised qualification only if granted before a specified date.

15. Mode of declarations.—All declarations under section 10 or section 14 shall be made by resolution passed at a meeting of the Council called for the purpose, and shall forthwith be published in the official Gazette.

16. Power to make regulations.—(1) The Council may make regulations not inconsistent with this Act generally to carry out the provisions of this Act, and in particular and without prejudice to the generality of the foregoing power, such regulations may provide for—

(a) the management of the property of the Council and the maintenance and audit of its accounts;

(b) the manner in which elections referred to in sub-section (2) of section 5 and in clause (a) of sub-section (1) of section 8 shall be conducted;

STATEMENT OF OBJECTS AND REASONS.

Provincial Nursing Councils have been established in all Provinces except the North-West Frontier Province and maintain registers of qualified nurses, health visitors and midwives. Increasing difficulties have been experienced by the nursing profession and by employing authorities owing to the diversity in the standards of preliminary education of candidates entering training schools of nursing, the varying standards of training and examination for nursing certificates and the lack of interprovincial reciprocity in the registration of nurses. To remedy these difficulties it is proposed to enact legislation for the purpose of setting up an Indian Nursing Council which will prescribe uniform minimum standards of education and training for nurses, midwives and health visitors, supervise examinations, and maintain a schedule of qualifications recognised for registration throughout British India.

(*iv*) Nepali,

and *vice versa* in the compulsory paper. 12. **Medical Examination.**—As soon as the results of the examinations are ready, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in Form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. Regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

13. **Availability of old question papers.**—These question papers may be purchased from the Publication Branch, Bengal Government Press, Alipore, or from Cash Sales Office, Writers' Buildings, Calcutta, at Re. 1 for a complete set of questions for one year.

NOTICE.

APPLICATIONS are invited from Muslim candidates to fill three vacancies in the Bengal Civil Service (Judicial).

2. As the quota fixed for Assam has already been filled there will be no recruitment of any candidate from Assam to any of these three posts.

3. Candidates should be under 27 years of age on the 1st January 1946 and be either a graduate in Law of some statutory university or a Barrister or a Member of the Faculty of Advocates in Scotland or an Advocate or an Attorney on the rolls of the High Court in Calcutta. Attention is drawn to rule 5 of the Bengal Civil Service (Judicial) Recruitment Rules, under which, in exceptional circumstances, the Governor may relax the age limit.

4. Persons who may wish to apply should submit their applications on the prescribed form, copies of which and of the Bengal Civil Service (Judicial) Recruitment Rules, 1941, may be obtained from the office of the Public Service Commission, Bengal, Anderson House, Alipore, Calcutta, personally or **on sending an addressed envelope with a nine pies stamp.** The applications must not be addressed to the Secretary by name and should reach him, complete with necessary certificates, treasury chalan (for Rs. 10), etc., not later than the 31st August 1946.

5. A number of candidates considered prima facie suitable will be called upon to appear before a Medical Board for a declaration of their fitness for Government Service in Form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not, however, be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. Intending candidates are advised before they apply for recruitment to the service to satisfy themselves that they are likely to qualify as physically fit, for experience has shown that a considerable number of the candidates are rejected by the Medical Board as unfit.

6. The Commission will only acknowledge receipt of an application or reply to an enquiry about an application if a stamped envelope accompanies the enquiry or request for acknowledgment. The Commission are unable to give any indication of what has been their recommendation to Government in respect of an application received by them.

Calcutta, the 31st July 19

Forecast of the Summer Til (Sesamum) Crop Bengal for 1946-47.

(*Note.*—On an average of the five years 1943-44, the area under Til in Bengal represented some 3·6 per cent. of the area under Til in India.)

Character of the season.—The weather was generally favourable at the time of sowing which was done mostly in normal times. There has been some damage due to heavy rain at the early stage of growth, particularly in north-east Bengal. Conditions, however, improved later.

Acreage.—The area sown with the crop this year is estimated at 95,700 acres as against 104,100 acres last year. The decrease is mainly due to increased cultivation of food crops and unfavourable weather conditions prevailing at the time of sowing.

Outturn.—The outturn per acre for the province as a whole is estimated at 63 per cent. of the normal this year as against 76 per cent. of the normal last year.

Total yield.—Taking the normal yield at .7 maunds per acre, the gross outturn of the crop for the province is estimated at 15,500 tons this year as against 20,300 tons last year.

Additional Director of Agriculture,

Intending candidates are advised before they apply for recruitment to the Service to satisfy themselves that they are likely to qualify as physically fit, for experience has shown that a considerable number of them are rejected by the Medical Board as unfit.

5. The Commission will only acknowledge the receipt of an application or reply to an enquiry about an application if a stamped envelope accompanies the enquiry or request for acknowledgment. (*See* section 3.)

1. Any offence punishable under any section of the following Chapters of the Indian Penal Code, namely:—

(1) Chapter VIII (Offences against the Public Tranquility).

(2) Chapter X (Contempts of the Lawful Authority of Public Servants).

(3) Chapter XI (Offences relating to False Evidence and Offences against Public Justice).

(4) Chapter XV (Offences relating to Religion).

(6) Chapter XVII (Offences against Property).

(7) Chapter XXII (Criminal Intimidation, Insult and Annoyance).

2. Any offence under the Explosive Substances Act, 1908. VI of 1908.

3. Any offence under the Indian Arms Act, 1878. XI of 1878.

4. Any attempt or conspiracy to commit, or any abetment, of any of the above offences.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to make special provision for the speedy trial of offences committed during the recent communal disturbances in the Presidency town of Calcutta and the districts of 24-Parganas and Howrah. In view of the very large number of such offences, the ordinary procedure of the law, if followed, would involve delay and it is necessary to provide an accelerated procedure. A list of offences in respect of which the special procedure is to be followed has been specified in the Schedule to the Bill. An offence specified in the Schedule will be triable under the special procedure if the Commissioner of Police in Calcutta or the District Magistrate elsewhere in any particular case certifies that the offence is an offence connected with the recent communal disturbances. The existing provisions in the Code of Criminal Procedure, 1898, for appeals will continue to have effect in respect of offences tried in the lower Courts by the accelerated procedure provided by this Bill.

(4) The Council may declare that any recognised qualification granted outside British India shall be a recognised qualification only if granted before a specified date.

STATEMENT OF OBJECTS AND REASONS.

Provincial Nursing Councils have been established in all Provinces except the North-West Frontier Province and maintain registers of qualified nurses, health visitors and midwives. Increasing difficulties have been experienced by the nursing profession and by employing authorities owing to the diversity in the standards of preliminary education of candidates entering training schools of nursing, the varying standards of training and examination for nursing certificates and the lack of interprovincial reciprocity in the registration of nurses. To remedy these difficulties it is proposed to enact legislation for the purpose of setting up an Indian Nursing Council which will prescribe uniform minimum standards of education and training for nurses, midwives and health visitors, supervise examinations, and maintain a schedule of qualifications recognised for registration throughout British India.

First Forecast of the Sugarcane Crop of Bengal for 1946-47.

(*Note.*—On an average of the five years ending 1941-45, the area under Sugarcane in Bengal has represented some 7·6 per cent. of the total area under Sugarcane in India.)

Character of the season.—The weather and its effect on the cultivation and growth of the crop have not been favourable everywhere. The present condition of the crop is, on the whole, fair.

Area planted.—The total area planted this year is estimated at 312,900 acres, as against 317,600 acres and 323,500 acres shown in the corresponding and the final forecasts respectively of last year. The acreage now estimated represents a decrease of some 3 per cent. as compared with the final forecast figure of last year. This slight decrease is mainly due to untavourable weather conditions at the time of planting.

Director of Agriculture, Bengal.

Political

NOTIFICATION.

No. 3160Pl.—6th September 1946.—Whereas the Governor is satisfied for the reasons hereinafter set forth that the public tranquillity and security of life and property in the Presidency Area are endangered:

Now, therefore, in exercise of the powers conferred by section 3 of the Presidency Area (Emergency) Security Act, 1926 (Bengal Act II of 1926), the Governor declares that a state of emergency exists.

Reasons.

The recent disturbances in Calcutta which involved serious loss of life and property were due to conditions which have not yet been removed. Bitter feelings still subsist between the Hindu and Muslim communities and there remains a danger of fresh outbreaks of communal strifes. The Governor is, therefore, satisfied that a state of emergency exists and that the use of the powers conferred upon him by the Act is necessary to bring it to an end.

STATEMENT OF OBJECTS AND REASONS.

Manufacture of alcohol is one of the essential industries of the Province. As distinct from its use in beverages, alcohol is required as the vehicle for preservation of numerous medicinal preparations and also as a solvent for production of various other essential commodities such as paints and varnishes, fuels, solid fuels, electric bulbs, soap, dyes, ether, shellac, etc. Molasses is the chief ingredient used in this Province in the manufacture of alcohol. It is therefore necessary that the supply position of molasses should be maintained at an adequate level in order that the production of alcohol may not be hampered for want of raw material. It need hardly be explained that molasses used as an ingredient for the manufacture of alcohol is a commodity quite different from *gur* and is unfit for human consumption.

In the pre-war days molasses for use in Bengal distilleries were obtained from Bihar and U. P. without any difficulty, but under the abnormal conditions prevailing ever since the outbreak of the war, the supplies from Bihar and U. P. came to be limited and it became

(*a*) after clause first, the following clause shall be inserted, namely:—

Repeal of Bengal Act XV of 1945.

6. The Murshidabad Act, 1945, is hereby repealed. Ben. Act XV of 1945.

STATEMENT OF OBJECTS AND REASONS.

Under section 5 of the Murshidabad Act, 1891, all property belonging to the Murshidabad Estate shall descend and be enjoyed for ever by the Nawab Bahadur of Murshidabad for the time being. The succession to the titles of the Nawab Bahadur of Murshidabad and Amir-ul-Omrah is governed by the custom of primogeniture. The daughters of the Nawab Bahadur and his younger sons have, therefore, no right to the Estate properties. It was considered necessary that there should be some provision for their maintenance to keep up the dignity of the family of the Nawab Bahadur after his demise.

A Bill was accordingly introduced in the last session of the Bengal Legislative Assembly and passed by it. It was also passed by the Bengal Legislative Council with certain minor amendments, but no further progress could be made with it in the Legislature owing to the intervention of the Proclamation issued by the Governor under section 93 of the Government of India Act, 1935. The Bill was however enacted by the Governor in exercise of the power assumed to himself under the said Proclamation.

Under section 93(*4*) of the Government of India Act, 1935, the Governor's Act will cease to operate on the expiry of two years from the date on which the Proclamation ceased to have effect unless it is sooner re-enacted by Act of the appropriate Legislature. This Bill has accordingly been framed for its re-enactment by the Legislature.

D. D. WARREN,
Secy. to the Govt. of India.

STATEMENT OF OBJECTS AND REASONS.

Chapter VIII of the Motor Vehicles Act, 1939, came into force on the 1st of July, 1946, seven years after the rest of the Act. This Chapter contains one serious defect. It makes no provision for reciprocity with the States in the matter of insurance of motor vehicles, a defect which has assumed greater importance recently on account of the intention expressed by more than 40 States to enact parallel legislation. Without a scher of reciprocity insurers would be unable to issu policies valid for the whole of India, and perso owning motor vehicles would find it necessary obtain a fresh policy for many of the territori they wished to visit or traverse. The greater pa of this Bill seeks to overcome the difficulty so f as British India is concerned. The States ha agreed to provide for reciprocity when enactin their legislation.

Opportunity has been taken to include tw unimportant additional amendments designed remove further defects in the Chapter.

An endeavour was made to include these proposa in the Motor Vehicles (Amendment) Bill, 194 which already contains a number of minor amen ments to Chapter VIII but this was eventuall found impossible.

NOTES ON CLAUSES.

Clause 2.—At the present time a policy issue by an insurer registered in a State but not regi tered in British India could not be used in Britis India. It is intended to validate in British Indi policies issued by the insurers of a reciprocatin State subject to the necessary safeguards.

Clause 3.—This amendment will require tha policies issued by insurers in British India shoul be issued as valid in all the reciprocating State

Clause 4.—The amendment will provide that a insurer's responsibilities as set out in section 9 will apply where the cause of action arises in reciprocating State.

Clause 5.—The effect of the change will be tha the driver of a transport vehicle will be require to carry the certificate of insurance on the vehicl This is considered essential for checking purpos and should not cause any hardship since certificat of registration and fitness are already required be carried on transport vehicles.

Clause 6.—It is proposed to expand section 1(so as to make possible the co-operative insuran of goods vehicles as well as public service vehicl and to clarify what appears to be the prese intention in regard to the scope of the busine open to co-operative insurance societies.

STATEMENT OF OBJECTS AND REASONS.

The provisions of law relating to banking companies at present form a subsidiary portion of the general law applicable to companies and are contained in Part XA of the Indian Companies Act, 1913. These provisions, which were first introduced in 1936, and which have undergone two subsequent modifications, have proved inadequate and difficult to administer. Moreover while the primary objective of Companies Law is to safeguard the interests of the stockholders, that of banking legislation should be the protection of the interests of the depositor. It has therefore been felt for some time that separate legislation was necessary for the regulation of banking in India. This need has become the more insistent on account of the considerable development that has taken place in recent years in banking, especially the rapid growth of banking resources and of the number of banks and branches. Regard must also be had to the fact that the banking system is likely in the post-war period to be more vulnerable by reason of the great expansion, both quantitatively and relatively, that has taken place in demand deposits, as compared with time deposits, during the war years. The enactment of a separate comprehensive measure has in consequence now become imperative.

2. With this object in view, a Bill to amend the law relating to Banking Companies was introduced in the Legislative Assembly in November, 1944, and was subsequently circulated for eliciting public opinion through the Provincial Governments. In the ensuing Budget Session of the Assembly the bill was referred to a Select Committee which was due to meet in October, 1945, but it lapsed before its consideration by the Committee. The present bill is based on the measure introduced in 1944, with certain modifications which have suggested themselves on consideration of the opinions and criticisms received on that Bill. The main features of the Bill are as follows:—

(i) A simple definition of banking with the object of limiting the scope of the legislation to institutions in which the funds are deposited primarily to ensure their safety and ready withdrawability;

(ii) Prescription of minimum capital standards;

(iii) Prohibition of trading with a view of eliminating non-banking risks;

(iv) Inclusion in the scope of the legislation of banks incorporated or registered outside British India;

(v) Introduction of a comprehensive system of licensing of banks;

(vi) Provision of an expeditious procedure for liquidation;

(vii) Inspection of the books and accounts of a bank by the Reserve Bank when necessary;

(viii) Empowering the Central Government to take action against banks conducting their affairs in a manner detrimental to the interests of the depositors;

(ix) Prescription of a special form of balance sheet and conferring of powers on the Reserve Bank to call for periodical returns.

Brief explanatory notes on the several clauses are given in the annexed notes on clauses and a memorandum is also attached explaining the changes made in the 1944 Bill.

NEW DELHI;

The 26th February, 1946.

NOTES ON CLAUSES.

Clause 1(1).—The Bill is confined to companies carrying on the business of banking. It would be impracticable to include within its scope all institutions and individuals dealing in credit in view of the complex credit structure of the country and the fact that moneylending is an item of provincial legislation.

Clause 2.—Except in matters pertaining to banking it is desirable that the Indian Companies Act should continue to be applicable to banking companies.

Clause 3.—It is unnecessary to ... operative banks, which are governed by special legislation.

Clause 4.—The object underly... is that in cases of genuine emergency, *e.g.*, a general run o... a run on some bank in a particular area, Government shou... to suspend the operation of the Act after considering the rec... of the Reserve Bank. The suspension of clause 19 will, for ... the Reserve Bank to give an advance to tide over a banking ... liquid assets maintained by banks under that clause.

Clause 5(b).—The present def... ing in section 277F of the Indian Companies Act gives rise ... ve difficulties, particularly in respect of the words "princip... in determining whether a company comes within its scope. ... tion is intended to connect banking definitely with the accep... nd deposits and to confine the scope of the legislation to thos... which funds are deposited primarily to ensure their safety ... hdrawability. Clause 6.—Based on sections 27...) of the Indian Companies Act, 1913.

Clause 7.—Sub-clause (1) is c... sary for the protection of the interests of the depositors w... (2) embodies in substance the existing proviso to section 27... an Companies Act, 1913.

Clause 8.—This is intended to... nk from engaging directly or indirectly in trading activities ... g trading risks in addition to ordinary banking risks. Certa... been found to engage in such activities under the guise ... ness.

Clause 9.—It is not intended ... bank from conducting the management of industrial concerns ... anking assets which it may have acquired in satisfaction of ... vided that such assets are disposed of within a period of sev... period should be sufficient for the realisation of such non-b...

Clause 11.—One of the chief ... ndian banking system is the weak and vulnerable capital str... vast majority of banks, as evidenced by the fact that during ... 43, no less than 669 banking companies were liquidated or wo... f which possessed very poor capital resources. Small banks with low capital have also a tendency to open branches in large towns which have already sufficient banking facilities. Clause 11(1) seeks to remedy these defects. In the case of banking companies incorporated outside British India the provisions as regards capital do not afford any real protection, hence the safeguarding provisions of sub-clause (2).

Sub-clause (3) follows the recently enacted section 277L(2) of the Indian Companies Act.

Clause 12.—This seeks to impose a limitation on the commission payable on the issue of shares by the bank.

Clause 13.—This reproduces section 277J of the Indian Companies Act.

Clause 14.—This embodies sub-sections (1) and (2) of section 277K of the Indian Companies Act. Sub-section (3) of that section has been omitted in view of clause 19 of the Bill which provides for a general reserve.

Clause 15.—This follows section 277L(1) of the Indian Companies Act except that the prescribed returns are to be filed with the Reserve Bank and not the Registrar.

Sub-section (2) of section 277L, which defines the terms "demand liabilities" and "time liabilities", has been removed to clause 5 of the Bill.

Clause 16.—The clause is intended to prevent banks from carrying on trading activities by acquiring a controlling interest in non-banking companies. It follows the lines of section 277M of the Indian Companies Act with the modification that the limitation on the amount of investment by a banking company in the shares of a non-banking company has been based with reference to the share capital of the banking company as well as of the company whose shares are purchased and the percentage has been reduced to 20 per cent. The words "issued and subscribed share capital" have been substituted for the words "issued share capital" as the latter term is somewhat confusing and is used indiscriminately.

Clause 17. Past failures of several banks in India have been due mostly to indiscriminate advances to directors or their concerns. An absolute and unqualified ban on such transactions would, however, result in depriving the banks of the advantage of having on their directorate important and experienced industrial magnates. A check is therefore prescribed on advances to directors and their concerns.

Clause 18.—When the Reserve Bank's original "Proposals for an Indian Bank Act" were circulated by Government in 1940, suggestions were received that a system of licensing foreign banks doing business in British India should be introduced. The Banking Enquiry Committee had also recommended that banks should be required to take out licences from the Reserve Bank, such licences being granted freely to the existing banks. Clause 18 seeks to introduce a comprehensive system of licensing of banks by the Reserve Bank, the grant of the licence being dependent upon the maintenance of a satisfactory financial condition subject to the further qualification in the case of foreign banks that their country of origin does not discriminate in any manner against British Indian banks. Existing banks are exempted for a period of five years from the obligation to take out a licence. Provision has also been made for the licensing of the opening of branches by banks to prevent indiscriminate expansion of bank branches.

Clause 19.—This clause is an attempt to prescribe by law what has already been recognised as sound banking practice, *viz.*, that a bank should keep a reserve of cash and liquid assets to meet its demand liabilities. One of the worst defects of Indian banking is the propensity of the smaller banks to overtrade at the expense of liquidity and it seems best to insist on all banks maintaining a reasonably large proportion of their cover in the form of cash or trustee securities as defined in the Indian Trusts Act, excluding immovable property. The proportion of 25 per cent. is in accordance with the actual practice followed by smaller banks.

Clause 20.—The failure of a bank incorporated in an Indian State, which had the bulk of its deposits from British India but the great part of the assets in Indian States, has brought out the necessity of protecting the interests of British Indian depositors by requiring such banks to maintain a reasonable proportion of their British India liability in the form of assets in British India. Export bills are included in such assets with a view to helping Indian exports.

Clause 21.—The intention in prescribing an annual return of deposits which remain unclaimed for 10 years is to enable the Reserve Bank to have the necessary data for consideration of the question whether deposits remaining unclaimed for a prescribed period should be transferred to Government making it responsible for any claim which may be established in future. Similar ret[illegible]led for, in the banking legislation of Canada, and it is p[illegible]hat after the lapse of a certain period of years the deposits [illegible]over to Government.

Clause 22.—The existing return [illegible]42 of the Reserve Bank Act applies only to scheduled bank[illegible]ts important details like investments. For an adequate co[illegible]king development, it is necessary that the Reserve Bank sh[illegible]ll picture of the banking situation of the country through pe[illegible] of assets and liabilities. It is also desirable in order that th[illegible] may be able to discharge its responsibilities as the Central [illegible]ountry that it should be authorised to call for information [illegible]ir business from banks. A similar provision is contained in [illegible]ngland Bill, 1945.

Clause 23.—It is desirable to a[illegible]serve Bank to publish in a consolidated form the informatio[illegible] it under clause 22 if it considers such publication in the [illegible]

Clause 24.—The Form F, laid [illegible]Indian Companies Act is meant for companies in general and [illegible]o the special requirements of banking companies. Many of [illegible]nks publish their balance sheets in different forms and there[illegible]sity of presentation. The banks also close their books on diff[illegible]king it difficult to have a picture of the banking situation [illegible] as on a particular date. The Central Banking Inquiry Com[illegible]onsidered this question in detail, recommended a separate fo[illegible]g companies. As regards banks incorporated outside British [illegible]is no provision in the Companies Act for the publication [illegible]nce-sheets of their Indian business. In Forms A and B of [illegible]o the Banking Companies Bill, an attempt has been made [illegible]rm of balance sheet and profit and loss account specially s[illegible]king companies.

Clause 25.—This provides for th[illegible]atements prescribed under clause 24.

Clause 26.—At present, some [illegible]ublish their balance-sheets after a considerable period from t[illegible]ch they relate so that the position of the banks remains un[illegible]unduly long period. The clause remedies this defect.

Clause 27.—This is based on [illegible]e Insurance Act, 1938.

Clause 28.—There is no provis[illegible]ian Companies Act for the publication of balance-sheets by [illegible]anies incorporated outside British India similar to that cor[illegible]ion 136 applicable to companies incorporated in British In[illegible]se provides for uniformity of treatment as regards the publi[illegible]ce-sheets.

Clause 29.—This provides for t[illegible]ansition and follows section 17A of the Insurance Act, 1938.

Clause 30.—The opinions rece[illegible]serve Bank's "Proposals for an Indian Bank Act" circulated [illegible]ed that public opinion was generally in favour of the inspecti[illegible] Government or the Reserve

Bank. In view of this and in the light of the experience gained by the Reserve Bank in connection with the inspection of banks for the purposes of section 42(6) of the Reserve Bank Act, and in view of possible post-war developments provision has been made for the inspection, in certain circumstances, of a bank's books by the Reserve Bank at the instance of the Central Government. A regular system of inspection of all banks does not seem practicable and provision has therefore been made for inspection only where necessary in the interests of depositors. Sub-clause (1) generally follows the lines of section 33(1) of the Insurance Act, and sub-clauses (2) and (3) make necessary provision for securing that the directors and officers of the bank furnish all information and documents requisite for a proper investigation of its affairs. Clauses (4) and (5) enumerate the corrective measure which the Central Government may take.

Clause 31.—This clause is a modification of section 277N of the Indian Companies Act, the period of moratorium having been limited to three months. It is the intention that the report under sub-clause (2) should be submitted by the Reserve Bank.

Clause 32.—The provisions of the Indian Companies Act in respect of liquidation do not seem to be suitable for banking companies. A bank's business is conducted on an over-the-counter basis and it is important that current accounts should be withdrawable at any time and drafts, etc., should be honoured on presentation, otherwise great business dislocation is likely to result. A provision has, therefore, been made under this clause for the winding up of a banking company if it refuses to meet a lawful demand for payment at one of its offices or branches within two working days, if such demand is made at a place where there is an office or branch or agency of the Reserve Bank, or within four working days, elsewhere. The clause also authorises the Reserve Bank to apply for the liquidation of a banking company if it appears from the results of an inspection made under clause 30 that its affairs are being conducted to the detriment of the interests of its depositors.

Clause 33.—Experience has shown that the cost of liquidation proceedings under the Indian Companies Act is high. It has, therefore, been provided in this clause that the Reserve Bank should be empowered to carry out liquidations so that unnecessary expense and delay in liquidation proceedings may be avoided, and that the assets may be realised as speedily and cheaply as possible in the interests of the creditors.

Clause 34.—This limits the powers of the Court to stay proceedings to cases in which it is satisfied that the depositors can be paid in full.

Clause 35.—The period prescribed under section 177B of the Indian Companies Act for the submission of a preliminary report by the official liquidator is too long in the case of a banking company and the clause is intended to remedy this defect.

Clause 36.—In the case of a banking company rapidity in liquidation is essential if the assets are not to grow cold or to be dissipated. The provisions for calling meetings of creditors to discuss arrangements or to appoint an advisory committee to work with the official liquidator should, therefore, be rescinded in the case of banking companies unless the Court considers that this should be done.

Clause 37.—This simplifies the formalities for depositors proving their debts.

Clause 38.—It has been found that banking companies in a shaky condition take advantage of the voluntary winding up proceedings or manipulate such proceedings to the disadvantage of the depositors who are a scattered body and are unlikely to take concerted action. The clause is intended to prevent such abuses.

Clause 39.—This clause is intended to make amalgamations of banks subject to the approval of the Reserve Bank so as to prevent amalgamations between unsound companies.

Clause 40.—This provides for penalties in the event of non-compliance with the provisions of the Act.

Clause 41.—This is based upon section 278 of the Indian Companies Act.

Clause 42.—This is based upon section 279 of the Indian Companies Act.

Clause 43.—This empowers the Central Government to make regulations under the Act after consultation with the Reserve Bank.

Clause 44.—This is a consequent[illegible]nent.

Clause 45.—The experience of th[illegible] section 42(6) of the Reserve Bank Act indicates the desirabilit[illegible] it in the following respects:—

(1) The authority to include in [illegible]m the second schedule any bank should vest in the Reserve Ban[illegible]he Central Government, as the former is in the best position, a[illegible]s no independent means of verifying whether the bank satisfie[illegible]nts of the section.

(2) In view of the increased st[illegible]neral impression of soundness created by the inclusion of a [illegible]chedule, a further criterion should be added for admission, nam[illegible]ffairs of the bank concerned are not being conducted to the d[illegible]e interests of its depositors and provision should be made fo[illegible]n the schedule if the bank ceases to satisfy this condition.

(3) Provision is also necessary [illegible]of extensions of time to a bank before its exclusion to enable [illegible]rs in order where it appears that there is a reasonable prospe[illegible]vement in its affairs during the period.

(4) The term "value" for the [illegible]he section should be clearly defined as the real or exchangeab[illegible] capital and reserves and not the nominal value as shown in [illegible]s and provision should also be made for the settlement of a[illegible]his regard.

This clause seeks to amend se[illegible]hese lines.

Clause 46.—Repeals.

MEMORANDUM EXPLAINING [illegible]ES MADE IN THE BANKING COMPANIES B[illegible] L No. 26 of 1944.

Clause 4—Power to suspend [illegible] *Act.*—The words "in like manner" in sub-clause (2) hav[illegible] by the words "by order in writing" in order that any act[illegible]he Governor of the Reserve Bank of India in terms of thi[illegible]become immediately effective. Provision has also been made [illegible]dion of the order as soon as possible in the official Gazette.

Clause 5(a)- Definition—Ap[illegible]*ces.*—The definition has been widened so as to include such s[illegible]dian States as are eligible for purchase by the Reserve Bank of [illegible] of section 17(8) of the Reserve Bank of India Act.

Clause 6—Forms of business [illegible]*ing Companies may engage.*—(1) The word "promoting" occu[illegible]use 1(d) and the whole of sub-clause (1) (f) have been omitte[illegible], the present practice of joint stock banks in India to under[illegible]tion of industry.

(2) Sub-clause 6(1) (g) of t[illegible] has been deleted as it is not considered desirable to allow a [illegible]e real property as a part of its ordinary business.

Clause 7—Use of words 'banks', 'banker', 'banking'.—(1) As it would be unreasonable to insist on well-established international banks changing their names at the places of their incorporation merely to comply with the requirements of sub-clause (1), a proviso has been added exempting scheduled banks in existence on the 1st January 1946 from the operation of that sub-clause.

(2) A proviso has been added to sub-clause (2) of this clause so as to exempt from compliance with the requirements of the Act associations of banking companies which are registered under section 26 of the Indian Companies Act and which use the word "bank", etc. in their name but which are formed solely for the protection of the mutual interests of banking companies.

Clause 8—Prohibition of trading.—(1) The words "articles of merchandise" have been omitted as they are already covered by "goods" and the clause has been amended so as to enable banks to carry out the instructions of their clients to sell goods relating to bills of exchange received for collection.

(2) The date "1st day of January 1945" in the proviso to this clause has been changed to "1st day of January 1946".

(3) The explanation to this clause has also been amended so as to remove any possible ambiguity with regard to the meaning of the expression "goods".

Clause 9—Disposal of non-banking assets.—The clause has been redrafted in order to make it clear that during the period of seven years a bank may deal or trade in the assets acquired by it in satisfaction of its claims for the purpose of facilitating their realisation and the prohibition on trading shall not apply to such dealings.

Clause 10—Prohibition of employment of managing agent and restrictions on certain forms of employment.—The words "after the 30th day of June 1946" in the original clause, which embodies the provisions of section 277HH added by the Indian Companies (Amendment) Act, 1944, have been deleted as that section will come into force on the 1st July 1946.

Clause 11—Restrictions on commencement of business and conditions for carrying on bunsiness.—(1) Sub-clause (1) has been amended so as to empower the Reserve Bank to grant an extension of the period (two years from the commencement of the Act) prescribed for acquiring the minimum amount of capital by a further period not exceeding one year. The date "1st day of January 1945" has been changed to "1st day of January 1946".

(2) In sub-clause (1) (i), the words "in India" occurring between the words "else-where" and "than" have been deleted in order to make it clear that the provision is also applicable to foreign banks.

(3) Sub-clauses (1) (ii) (a), (b) and (c) have been slightly amended in order to make it clear that where a banking company has more than one branch in any centre, these branches are to be treated as the equivalent of one branch for the purpose of the capital requirements.

(4) The words "aggregate value" have been used in connection with the capital requirements and an explanation of the term "value" has been added after sub-clause (1).

(5) The words "after the 30th day of June 1946" in sub-clause (3), which embodies the provisions of section 277 (I) (2) of the Indian Companies Act as amended by the Indian Companies (Amendment) Act, 1944, have been deleted as that section will come into force on the 1st July 1946.

(6) A new sub-clause, sub-clause (4), has been added giving the Reserve Bank of India the power of finally determining the value of paid-up capital and reserves in the event of a dispute.

Clause 12—Restrictions on commission, brokerage, discount, etc., on sale of shares.—This is a new clause designed to limit the commission brokerage or discount payable by a banking company in respect of the sale of its shares.

Clause 15—Cash Reserve.—This clause, which corresponds to clause 14 of the original bill, has been amended so as to make it clear that the cash reserve has to be maintained by the bank with itself or in an account with the Reserve Bank of India.

Clause 16—Restriction on nature of subsidiary companies.—This clause corresponds to clause 15 of the original Bill.

(1) In sub-clause (1), the words "set out in section 6" have been deleted as they are not sufficiently precise.

(2) In order to tighten up the clause and to make inter-locking of assets more difficult, the percentage in sub-clause (2) has been reduced from 40 to 20 and has been related to the issued and subscribed capital and reserves of the banking company and the issued and subscribed capital of the company whose shares are held. A year's time has been given to banking companies to dispose of existing holdings of other companies in excess of the proposed 20 per cent. limit.

Clause 18—Licensing.—This clause corresponds to clause 17 of the original bill has been amended to provide for licensing of all banks with the provisions that scheduled banks other than those whose country of origin discriminates in any manner against British Indian banks, are exempted from the obligation to obtain licence so long as they remain in the Schedule. Foreign banks whose country of origin discriminates in any manner against British India can also carry on business but existing non-scheduled banks and obtain the requisite licence comply with the requirements of the license will be conditional for a period of five years. The grant position subject to the further maintenance of a sound financial that their country of origin does the case of foreign banks British Indian banks. The original discriminate in any manner against only such banks doing business provided for the licensing of British India or the United Kingdom as are incorporated outside branches opened after the Act that too in respect of their branches.

In sub-clause (6) provision has been made for the licensing of the opening of branches by banks so as to prevent indiscriminate expansion of bank branches.

Clause 19—Maintenance of assets.—(1) Sub-clause (2) of this clause, which corresponds to clause 18 of the original Bill, has been amended so as to make it clear that the cash balance maintained by a scheduled bank with the Reserve Bank of India under section 42 of the Reserve Bank of India Act, in excess over the statutory minimum, should be treated as cash.

(2) Sub-clause (3) has been amended so as to provide for a monthly return, to be submitted within the close of the month, giving the weekly figures of demand liabilities and assets held in terms of sub-clause (1) in place of a fortnightly return to be submitted within two days, giving daily figures.

Clause 20—(1) The clause, which corresponds to clause 19 of the original Bill, has been amended to provide for maintenance of the prescribed percentage at the end of each quarter instead of at the end of each year and for the submission of quarterly returns on dates of verification. The change will ensure a greater degree of uniformity between the British Indian depositor without causing hardship to the Scheduled Banks and Indian Banks operating both in British India and elsewhere.

(2) A definition of "quarter" has been added as the term does not have a fixed statutory meaning.

Clause 22—Monthly returns and power to call for other returns and information.—This clause corresponds to clause 20 of the original Bill. Sub-clause (2) of this clause has been amended so as to empower the Reserve

Bank of India to call for any information from a banking company relating to its business. The title of this clause has been changed from "Monthly returns and information regarding advances and investments" to "Monthly returns and power to call for other returns and information".

Clause 23—Power to publish information.—This clause corresponds to sub-clause (3) of clause 20 of the original Bill. As the power to publish information is distinct from that of calling for any information, it has been embodied in a separate clause.

Clause 26—Submission of Returns.—The clause, which corresponds to clause 24 of the original Bill, has been amended to bring out the intention that the auditor's report should accompany the balance-sheet to be furnished to the Reserve Bank of India. The word "printed" in the original clause has been replaced by the word "published" to bring out the intention more clearly.

Clause 27—Copies of balance sheets and accounts to be sent to Registrar. This clause incorporates the provisions of clause 25 of the original Bill with the following modifications.

(1) The exemption given to private banking companies from sending copies of the balance sheet to the Registrar under section 134 (3) of the Indian Companies Act has been withdrawn and provision has been made whereby, in case any further statement or information is furnished to the Reserve Bank of India in connection with the accounts required to be filed under clause 26, a copy of such additional statement or information is to be sent to the Registrar also.

(2) The title of the clause has been altered in order to bring it into conformity with the above changes in the clause.

Clause 28—Display of audited balance sheet by companies incorporated outside British India.—The clause, which corresponds to clause 26 of the original Bill, has been slightly amended to make it clear that banks incorporated outside British India should publish balance sheets relating to their Indian business.

Clause 30—Inspection.—This clause corresponds to clause 28 of the original Bill.

(1) In sub-clause (1), the words "a contravention of any provision of this Act" have been substituted for the words "an offence under this Act". This alteration is consequential upon the introduction of other penalties and the framing of a general clause regarding penalties, namely, clause 40.

(2) In sub-clause (2), the words "is satisfied from the report" have been substituted by "is of opinion after considering the report".

(3) The provision that a scheduled bank may be excluded from the second schedule to the Reserve Bank of India Act in the event of the report of the Reserve Bank disclosing that the affairs of the bank are being conducted in an unsatisfactory manner, has been incorporated in clause 45. That clause embodies amendments it is proposed to make to section 42 (6) of the Reserve Bank of India Act which governs the inclusion or exclusion of banks from the schedule and it is desirable that the proposed power of exclusion of a bank from the schedule should form part of the provisions of section 42 (6). It is also proposed that this power should be exercised by the Reserve Bank and not the Central Government as it is considered that the Reserve Bank in view of their experience of inspections of banks and intimate contact with banks are the appropriate authority for undertaking this responsibility.

Clause 39—Restriction on amalgamation, etc.—This is a new clause. Clause 38, which corresponds to clause 37 of the original Bill, is not sufficient to prevent unsound companies from taking adavantage, under cover of a merger of the voluntary winding up proceedings to the detriment of the interests of the depositors. The clause, therefore, seeks to prohibit amalgamation except with the permission of the Reserve Bank of India.

Clause 40—Penalities.—(1) Sub-clause (1) of this clause is a new addition which makes provision for the purpose of dealing with false statements made in the returns, reports, etc., required by the Act.

(2) Sub-clause (2) provides penalties against persons who refuse to furnish books, documents or information to an officer authorised to carry out an inspection of a banking company under clause 30.

(3) Sub-clause (3) provides penalties against directors or officers of a bank accepting deposits in contravention of an order made under clause 30 (4) (6) restraining the bank from receiving fresh deposits.

(4) Sub-clauses (4) and (5) corr[illegible] pond to sub-clauses (1) and (2) respectively of clause 29 of the original [illegible] words "and wilfully" occurring in sub-clause (1) of clause 29 [illegible] nal Bill have been deleted as it will be difficult to prove in a [illegible] that the directors had been wilfully a party to the default. [illegible] nall apply" in clause 29 (2) of the original Bill have been rep[illegible] apply" to leave discretion to the Reserve Bank of India in t[illegible] oving the court for winding up a banking company.

Clause 41—Cognizance of offe[illegible] new clause which provides for trial of offences under the A[illegible]

Clause 42—Application of fin[illegible] resh clause which give discretion to the court in applying [illegible] ed by it.

Clause 45—Amendment of s[illegible] *11 of 1934.*—This is a new clause which seeks to amend sec[illegible] the Reserve Bank of India Act. The changes proposed are

(1) At present, the decision t[illegible] k in or exclude it from the second schedule to the Reserve i[illegible] Act rests with the Central Government. It is proposed to [illegible] er on the Reserve Bank of India as it is considered that the [illegible] as the Central Bank of the country are the appropriate auth[illegible] rtaking this responsibility, especially in view of their exper[illegible] ions of banks and intimate contact with banks.

(2) In addition to the minim[illegible] uirement of Rs. 5 lacs, a further criterion for admission to [illegible] has been added, *viz.*, that the Reserve Bank must be satisfi[illegible] airs of the bank concerned are not being conducted to the de[illegible] interests of the depositors.

(3) The Reserve Bank of Ind[illegible] powered to exclude a bank from the Second Schedule even t[illegible] of its capital and reserve may be above Rs. 5 lacs, if as a [illegible] spection carried out under clause 30 the Reserve Bank is of [illegible] at its affairs are being conducted in a manner detrimental to [illegible] of the depositors.

(4) A new sub-clause has been [illegible] h the Reserve Bank, before directing the exclusion of a sche[illegible] m the second schedule, may grant a period of time to the sch[illegible] put its affairs in order, if it appears that there is a reason[illegible] of an improvement in the affairs of the scheduled bank dur[illegible] d.

(5) An explanation of the ter[illegible] been given and it has been provided that in the event of a di[illegible] nation by the Reserve Bank shall be final.

The Schedule—Form A—Bala[illegible] The item "Reserve for contingencies" has been deleted so [illegible] not be required to disclose hidden reserves in their balance-

(2) The words "guarantees fo[illegible] have been deleted from the item "acceptances", endorsemen[illegible] for customers and other obligations *per contra* on the li[illegible] of the balance-sheet as such guarantees could be shown u[illegible] ent Liabilities" in terms of

item (ii) of foot note (d). The duplication will thus be removed. Similarly the word "guarantees" has been omitted from the assets side.

(3) The original form of balance sheet required immovable properties to be apportioned into (i) immovable properties to be shown under "Investments" and (ii) premises less depreciation. Such apportionment is not considered practicable in cases where properties used as bank premises contain a portion let out for purposes of income. The item "immovable property" under "investments" has therefore been deleted and foot note (c) has been suitably modified to make it clear that bank premises wholly or partly occupied for purposes of business should be shown against "Premises less depreciation".

(4) In item (vi) under the head "Loans, Advances, Cash Credits and Over drafts" the word "maximum" has been inserted before the word "Loans" in order to require banks to show only figures of maximum advances granted during the year instead of the total. For the same reason, in sub head (vii) the word "maximum" has been substituted for "total".

(5) The item "Non-banking assets" has been amended so as to require the mode of valuation to be disclosed.

Form B—Profit and Loss Account.—(1) On the income side, the bracketed portion "less provision for bad and doubtful debts" has been replaced by the words "less provision made during the year for bad and doubtful debts" in order to avoid ambiguity.

(2) The item "contingencies, etc." has been changed to "Transfer from contingencies Account" for the purpose of clarification.

(3) A new heading "Profits made on sale or revaluation of investments gold and silver" has been introduced as these items are not proper banking profits and should therefore be shown separately.

(4) An additional heading "Miscellaneous" has also been inserted to provide for miscellaneous sources of income.
